

"Rolling Green Cares"

composed by Artist in Residence Judith Brown
and the students of Rolling Green Elementary School

We like to help at Rolling Green
There are many ways we share
The best school you have ever seen
Is right here, because we care.

Helping one another, reaching out
That's what really caring is about
Love and peace together, harmony
We are a family.

We like to help at Rolling Green
There are many ways we share
The best school you have ever seen
Is right here, because we care.

If there's every trouble we'll be there
Right there on the double 'cause we care
And when we are outside having fun
We'll include everyone.

We like to help at Rolling Green
There are many ways we share
The best school you have ever seen
Is right here, because we care.

Reaching out together here and there
Helping to fight hunger everywhere
Sharing what we have with those in need
You and me together.

We like to help at Rolling Green
There are many ways we share
The best school you have ever seen
Is right here, because we care.

There are many ways we share
The best school you have ever seen
Is right here, because we care.
