

The transition to middle school is different for everyone. Your student will encounter new people, new school subjects, new activities, and many more teachers than they are used to. This can be a stressful time for students and parents, but it is also an adventure!

Urbandale Community School District is offering a program to 5th graders who are transitioning to 6th grade. Movin' On Up is a two day program that is designed to assist students by providing opportunities to meet other students and staff and to learn more about Urbandale Middle School.

MOVIN' ON UP 2017

Movin' on Up will be held during two separate sessions. The dates are August 9th/11th or August 10th/11th. The Adventure Learning Center activities will be held on Aug. 9th or 10th. All students will then be present on Aug. 11th for our day at UMS. We will send a reminder and transportation information during the summer.

DAY ONE

Aug. 9th (Group A) **OR** Aug. 10th (Group B)

We will transport the students to the Adventure Learning Center located at Living History Farms for a fun day of Challenge Course activities.

DAY TWO

Aug. 11th (Both Groups A and B)

Students will continue to connect with their future classmates and staff. Day two will also help acquaint the students with UMS through engagement in activities involving teamwork, critical thinking, and problem-solving.

Drop off and Pick up times each day

Arrival time: 8:15am at Urbandale Middle School
Pick up time: 3:30pm at Urbandale Middle School

Cost: \$65 (*financial assistance is available*)

(Transportation will be available for students living in the district.)
