Dashboard View v.3

Urbandale Community School District parents/guardians have the choice of selecting between two paths for student instruction for the 2020-21 school year: either Path 1 (which includes On-Site, Hybrid, and Required Continuous Learning) or Path 2 which includes Remote Classroom (all online). When parents register their children for school, children are automatically registered for Path 1. If parents would like to select Path 2 Remote Classroom (all online), parents must complete a form indicating your preference to have your child participate in Path 2: Remote Classroom.

Path 1 includes three instructional models which are called On Site, Hybrid, and Required Continuous Learning.

Path 2 includes all online learning which is called Remote Classroom.

1) On Site (In Person)

All students and staff are on site 5 days a week for in-person instruction. Implementing mitigation strategies such as face masks, hand hygiene & physical distancing when possible.

2) Hybrid (50/50)

Half of the time students will be on site & half of the time students will be remote. Two groups of students for in-person instruction that will take place on designated days:

- Track "A" attends in person on Tue/Thurs (Team J-Hawk)
- Track "B" attends in person on Wed/Fri (Team U)
- Mondays alternate - Track "A" one week; Track "B" the next week
- Students participate in teacher-directed online instruction on remote learning days.

3) Online (Required Continuous Learning)

All students & staff are engaged in Required Continuous Learning remotely (all online). Districts must be granted permission from IA Dept of Ed to transition to this model.

Remote Classroom

Students will complete their coursework from home with online guidance and interaction with an Urbandale CSD teacher. Depending on the number of requests we receive for this model, classrooms may be multi-aged. Students would be expected to participate daily online, at specified times, with their teacher(s). Additional learning activities could take place offline.

Please know when selecting this option that you would need to commit to this approach for the entire first semester and could re-commit for the second semester if desired. Remote Classroom learning would begin on August 25. If this is your preferred learning option, you must complete a form that can be found within the "Remote Classroom" section at the URL below.
