DIRECTORY OF INFORMATION

For information about....

- something that takes place in a classroom your child attends, call the teacher.
- school rules, schedules, special events, etc., call the school principal.
- policies and other matters of a district-wide nature, call the superintendent's office.
- the answers you were given at the prior level, contact the office of the next level.

If you have a concern, the best place to begin is with those people directly involved and responsible for the situation, usually people in the specific school; the teacher and/or principal. It is there that most problems can be quickly and productively resolved. If questions/concerns still remain, please contact the superintendent. Then, if you're convinced further action is required, the board is available to hear your concerns.

(See Policy 229: Complaint Procedures)
